About this report

The information contained in this report is a summary of your child's achievement in learning areas studied over the reporting period.

Formal reports will be provided (2) times per year at ends of Semesters. This report is an interim Term report only. It provides general information regarding your child's progress, and meets requirements under visa requirements.

This report is not generally offered for students at Jindalee State School. The end of Semester report provides information based on more assessment data.

The report is one of a number of strategies used by our school to communicate with you throughout the year about your child's achievement, effort and behaviour.

Parent-teacher interviews are offered to discuss your child's progress. The ratings awarded are for this reporting period only.

If you have any concerns, please refer to the Class Teacher, International Student Program Coordinator, or member of the school administration.
