

# Welcome

Dear Parents

I extend to you and your family a warm welcome to Jindalee State School and look forward to sharing with you the important task of educating your child.

At Jindalee State School we are proud of our students and their achievements and work cooperatively with all members of our school community to ensure the values and traditions that our community holds dear are taught to our children. Parents and staff are committed to providing a friendly and supportive school environment that allows students to achieve their potential.

I hope that this website and our school Prospectus will answer many of the questions you have about how your child will enter into school life. I invite you to visit the school when you wish, to get to know the staff and other parents because it is by developing a close relationship between parents and staff that we can achieve the very best for our children.

You can assist your child's intellectual, emotional, physical and social growth by:-

- (a) Planning activities for your child that will develop thinking and stimulate language development.
- (b) Assisting with homework especially in higher year levels.
- (c) Stressing the importance of courteous and considerate behaviour.
- (d) Ensuring your child is neatly presented for school in school uniform.

As well your assistance would be valuable as a member of the Parents and Citizens Association which meets at 7.30p.m. on the third Monday of the month during school Terms.

Yours sincerely

Michael PolitiesPrincipal, Jindalee State School
