# Application to Enrol in a Queensland State School

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

## Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a stateschool:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

## Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

## Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

## Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

## Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

## Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

## Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

# APPLICATION FOR STUDENT ENROLMENT FORM

## Instructions

Please refer to the *Application to enrol in a Queensland state school* information sheet (above) when completing this application. Completion and submission of this application form to the school does not confirm enrolment. The school will notify you of the outcome of your application as soon as practicable.

Failure or refusal to complete those sections of the form marked with an (\*) or to provide required documentation may result in a refusal to process your application. These questions and your consent are considered necessary to ensure the school can undertake its administrative and care responsibilities.

Sections of the form not marked (\*) are optional. However, failure to complete these sections may result in the school not being eligible for important Federal and State Government funding reliant on such information. Parents of all students in Australia have been asked to provide information on their family background as part of a national initiative towards providing an education system that is fair to all students, regardless of their background. The required information includes the Indigenous status and language background of the student, and the education, occupation and language background of the parents.

If you have any questions about the enrolment form or process, or require assistance completing this form, including translation services, please contact the school in the first instance.

# STUDENT RESOURCE SCHEME

The Student Resource Scheme (SRS) is a user-charging scheme operated by schools to provide parents with a mechanism to access individual student resources that are not funded by the government.

Government funding for schools does not extend to individual student resources and equipment for their personal use or consumption. Supply of these items, such as textbooks and personal laptops/iPads, is the responsibility of the parent.

The objective of the scheme is to provide parents a convenient and cost-effective alternative to individual supply of resources for their students. Participation in the SRS is optional, and no obligation is placed on a parent to participate.

Terms and conditions for participating in the scheme are provided below. Information is also provided on the Textbook and Resource Allowance (TRA) where applicable.

This Participation Agreement Form applies for the duration of a student's enrolment at the school, however parents who are participating in the scheme can choose to opt out from the SRS in future years by completing a new Participation Agreement Form. Any new Participation Agreement Form submitted annually and received by the school will supersede the previous form lodged.

Parents pay the annual participation fee in accordance with the selected payment arrangement. If a student joins the school mid-year, a pro-rata participation fee may apply.

Parents not participating in the scheme must provide their student with all items that would otherwise be provided by the scheme as detailed in the information provided by the school. Parents can choose to join the SRS in future years by completing a new Participation Agreement Form.

To assist schools in managing and administering the scheme, parents are requested to complete the Participation section of this form and return it to the school.

If parents have not completed and returned the form before the due date indicated by the school in the SRS Annual Parent Information documents, the school will take the view that the parent does not wish to participate.

## Payment

On agreeing to participate in the SRS, a parent agrees to pay the participation fee as advised and invoiced by the school. For families experiencing financial hardship, please contact the school as soon as possible to discuss options available.

# MEDIA CONSENT

## Introduction to the State School Consent Form for Jindalee State School

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- what information we record
- how we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

## Purpose of the Consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* (Qld) or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

## Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

## Consent May be Limited or Withdrawn

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/ third parties.
