

Communication Platform for P&C-Parent Information Distribution

Welcome to the 'Jindalee Support Squad'!

When you sign up to the **Jindalee Support Squad** database (which is completely optional and you can unsubscribe at any time), the P&C will be able to contact you with important updates and P&C related information. You will also have the option to subscribe to our **Events Team** - a group of people willing to assist and support the organisation and execution of various events and activities hosted by the P&C throughout the year.

The Support Squad database is designed to replace the former 'Class Rep' system of communicating from the P&C to our JSS families and community. While we still encourage families to communicate within their respective classes for social purposes, the P&C has now established this database for distributing information regarding P&C events, meetings and issues, directly to subscribers.

This is just one of many communication tools that families can opt in for, to keep up to date with JSS news. We recommend that you do not rely on just one method of communication - the Support Squad will be used to compliment other forms of communication from the school. Others include:

- The **school newsletter** (being the most comprehensive and reliable source of information) - published fortnightly by Schoolzine. Sign up here: <https://jindaleess.schoolzineplus.com/subscribe>
- The **school website** - www.jindaleess.eq.edu.au - a reference site for information regarding Jindalee State School facilities, curriculum and events, as well as the a number of online resources.
- The **P&C Facebook page** - updated regularly with details on upcoming P&C events and other useful information about P&C services and life at Jindalee State School. Search for [@jsspanc](https://www.facebook.com/@jsspanc).
- **School emails** - sent directly from the school's administration team. Please ensure your personal details are up to date, so that you do not miss any important emails.
- **Teacher emails** - Teachers will send home a class newsletter twice a term and some teachers will contact their class parents/carers more regularly. Please see your teachers for more information.
- Letters/notes/forms sent home via students - distributed by **class teachers**.

Information collected by the P&C will be protected under the JSS P&C's Privacy Policy and bound by section 426 of the Education (General Provisions) Act 2006. Information will be voluntarily submitted by those wishing to participate and can be withdrawn at any time by notifying the P&C in writing. The data will be collected and stored by the Mailchimp program, subject to their [Privacy Policy](#) and [Terms of Use](#).
