

Great Results Guarantee

Snapshot report

**Under the agreement for 2015
Jindalee State School received**

\$295,024

Our full 2015 agreement can be found here: <https://jindaleess.eq.edu.au/Pages/default.aspx>

Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- increase teachers' and teacher aides' repertoire of effective strategies for teaching text processing and comprehension across learning areas.
- provide professional development and coaching to ensure teachers are able to deconstruct Australian Curriculum: mathematics content and provide targeted and scaffolded instruction to secure highly effective first teaching of essential mathematical concepts and skills in every classroom.
- develop collaborative data inquiry processes (to build teachers' ability to interpret data, identify and scale-up effective teaching practices and differentiate better)
- better prepare and support teacher aides to consolidate student learning in numeracy and literacy (including oral language and metalinguistics)
- provide focused and intensive teaching for students requiring additional support to demonstrate achievement against the year-level achievement standards
- develop teacher capacity to design curriculum-aligned monitoring and assessment tasks (for short-term data cycles)
- build teacher capability to use technology to differentiate and improve learning.
- Employing an E-Learning Coach to build teacher and student capacity to use digital devices to improve learning.
- Employing an Intervention Teacher to deliver explicit reading and numeracy lessons to students achieving lower than a C standard
- Employing a Gifted and Talented Teacher to deliver explicit reading and numeracy lessons to students achieving a high or above B standard.
